

# **Crossroads of America Volleyball Club**

## **Program Information**

COA is the **ONLY NOT FOR PROFIT** program in the area that promotes volleyball for all levels of players. Because we are non-profit, we offer the exact same opportunity, with a more experienced coaching staff, to players at a fraction of the cost of other clubs in the area and state. Our goal is to promote volleyball, not make money. We offer teams to athletes pursuing volleyball at the elite level, and we also offer teams to athletes who are just trying to make their school team. COA has served the entire area for 13 years and it is our mission to truly unite the area and promote volleyball for all players from all schools that are interested. The following is a general description of our teams along with total cost.
